CoI -- Children of Ichor/the PJO FWRP -- is being rebooted. Ruby and I have received Shaggy's blessing. We can now utilize up to 85% of his power. We will use this power to reboot CoI. Thank you for taking the time to read this. May the power of Shaggy be with you.

shaggy gave us his blessing via an "owo" made out of celestial bronze blades. this stems a significant change in the reboot of CoI: "owo" is now a magical incantation children of Hecate speak when they wish to use 85% of their power. and making an "OwO" out of celestial bronze blades will immediately attract a god's attention.

@Bittercrying: It's explained very briefly in the mainpost, but CoI stands for Children of Ichor. It is the forum's first PJO/Percy Jackson FWRP, but not the first PJO RP itself.

@Vamp Yeah, sorry about that. I'm looking at the thread now, and I remember sending my critiques through, but Phil must have eaten them. I took a break from the forums after that, and CoI died not long after, so that's why your form wasn't critiqued.
Also, I understand that you were fairly rude and demanding to the mods while waiting for your form to be accepted. Please keep in mind that the updated rules of CoI require civil behavior and conduct towards the mods.
